

ABSTRACT

ORIENTATION OF THE BOARD MEMBER TO SERVE IN THE LEGISLATIVE

(Studies on DPRD Kota Metro)

By:

Tiffany Anandhini Putri

The purpose of this research is to find the orientation of the elected member of Dewan Perwakilan Rakyat Daerah (DPRD) of Metro. Based on the result KPU Metro Plenary meeting in May 12th 2014, it sets that 25 (legislative) councilors has been elected. From those 25 legislative members about 10 are chosen from *incumbent* while the other 15 are the new faces.

The type used in this research is descriptive qualitative research. Researcher in this case seeks to determine the orientation of the elected members of council (DPRD) Metro. The data collecting method used were interviews and documentation.

The results showed that the orientation of the councilors (DPRD) of Metro 2014/2019 period was elected for a term of either member *incumbent* and new council office is to serve the Metro community in the form of channeling and aspiration and the desire of the community to the local government. The councilors thus due to their motivation to excel, to rule and to affiliated thus increase over the

level of public trust with good performance shown and obtained because of proximity with the community so as to know the problems that occur in the community.

Keywords: orientation and motivation.
