The problem in this research was the low learning motivation of 4th-grade students at SD Negeri 8 Metro Timur. The aim was to determine the effect of the Teams Games Tournament (TGT) model assisted by Wordwall media on the learning motivation of elementary school students. The method used was quasi-experimental with a nonequivalent control group design. The population consisted of 58 students, with a sample of 29 students determined through purposive sampling technique. The data collection technique used non-test methods in the form of questionnaires and observation sheets. The results of the independent sample t-test hypothesis test showed Sig. (2-tailed)  $0.042 < 0.05$ , so it was concluded that there was an influence of the cooperative model type Teams Games Tournament (TGT) assisted by Wordwall media on the learning motivation of 4th-grade students at SD Negeri 8 Metro Timur for the 2024/2025 academic year.
