

ABSTRAK

PENGARUH MODEL TGT (*TEAM GAMES TOURNAMENT*) BERBANTU MEDIA MONOPOLI TERHADAP HASIL BELAJAR IPAS PESERTA DIDIK KELAS IV SEKOLAH DASAR

Oleh

RISSA ADE KUSUMA

Masalah dalam penelitian ini adalah rendahnya hasil belajar IPAS peserta didik kelas IV SD Negeri 1 Labuah Ratu Dua. Penelitian ini bertujuan untuk mengetahui pengaruh model pembelajaran TGT (*team games tournament*). Metode penelitian ini adalah *quasi experimental design*. Populasi berjumlah 60 orang peserta didik, dan sampel 60 orang peserta didik. Penentuan sampel penelitian menggunakan non probability sampling. Teknik pengumpulan data yang digunakan yaitu teknik non tes berupa observasi, dokumentasi, dan teknik tes berupa soal pilihan ganda. Pengolahan data menggunakan rumus chi kuadrat, uji-F, dan regresi linier sederhana yang menunjukkan hasil terdapat pengaruh signifikan model pembelajaran TGT (*team games tournament*) terhadap hasil belajar IPAS peserta didik kelas IV SD dibuktikan dengan $F_{hitung} > F_{tabel}$ ($19,77 > 4,20$).

Kata Kunci : hasil belajar, IPAS, *teams games tournament*

ABSTRAK

THE INFLUENCE OF TGT (TEAM GAMES TOURNAMENT) LEARNING MODEL WITH MONOPOLY MEDIA ON SCIENCE LEARNING RESULT OF ELEMENTARY SCHOOL 4TH GRADER

By

RISSA ADE KUSUMA

The problem in this research was the low science learning outcomes of class IV students at SD Negeri 1 Labuah Ratu Dua. This research aims to determine the effect of the team games tournament (TGT) learning model. This research method was quasi experimental design. The population was 60 students, and the sample was 60 students. Determining the research sample used non-probability sampling. The data collection techniques used are non-test techniques in the form of observation, documentation, and test techniques in the form of multiple choice questions. Data processing using the chi square formula, F-test, and simple linear regression which show that there was a significant effect of the TGT (team games tournament) learning model on the learning outcomes of students in grade IV of elementary school as evidenced by $F_{hitung} > F_{tabel}$ ($19.77 > 4.20$).

Keyword : learning result, IPAS, teams games tournament
