Bismillahirrahmanirrahim...

Praise is always to the Mighty Allah SWT for the gracious mercy and tremendous blessing that always guides the writer along his life. He believes that by the blessing and the grace of Allah SWT, he is able to accomplish this script, entitled "A Comparative Study of Students' Vocabulary Achievement between the Students Who are Taught through Direct Method and those Who are Taught Through Silent Way at The Fourth Year of SDN 1 Pisang Penengahan Lampung Selatan" as one of the prerequisites to finish the S1 degree at Language and Arts Department at Teacher Training and Education Faculty, University of Lampung.

His first appreciation goes to Prof. Dr. Cucu Sutarsyah, M.A., as my academic advisor for his guidance and motivation to do what I should do in dealing my study during in University of Lampung.

Furthermore, he owes the greatest debt to both of his advisors, Drs. Hery Yufrizal, M.A. Ph.D., and Drs. Sudirman, M.Pd., who had full of patience and some humors in guiding him to write this script. Although very busy with their routine as the lecturer of Lampung University, they have been very generous with their time, comments, suggestions and corrections on every draft of his script. Without such guidance and assistance, he could not have finished his research and writing up this script on time.

His gratitude is also extended to Prof. Dr. Cucu Sutarsyah, M.A., as the examiner for patiently giving any suggestions, critics, input and advices to improve this script.

He would also like to express his gratitude to the headmaster of SDN 1 Pisang, Nurjanah, S.Pd., and the English Teacher, Mrs. Hardiana, S.Pd., for giving the opportunity and time to conduct this research. Appreciation is also addressed to all students of SDN 1 Pisang class IV for being good and sweet students.

Moreover, special indebtedness is dedicated to his beloved parents, his mother Bashiroh, S.Pd., and his father Buchori, S.Pd., who always care, protect and support the writer the whole of life. He gained mental and physical strength from their prayers so that he could finish his S1 degree. His thankfulness is also dedicated to his whole family, especially to all sisters, Eka Yulia Suryati, S.Pd., Ariza Hayati, A.Md., and Azni Fajrilia.
