By

Agus Sutejo

Based on the Regulation of the Minister of Housing Number 06 Year 2013 on Guidelines Stimulants Help Housing Organization, the government through the Ministry of Housing rolling Grant Assistance Fund named Stimulants Help Low Income Communities. Therefore, the Government of Bandar Lampung through Community Empowerment Board and the Village Government run surgical programs with Mayor issued Regulation No. 72 Year 2010 on Duties, Functions and Working Procedures Community Empowerment Board of Bandar Lampung. Problems in this study were: (1) How is the role of Community Empowerment Board and Village Government in the management of stimulant assistance through surgical program in Bandar Lampung? (2) What factors inhibiting the Community Empowerment Board and Village Government in the management of surgical stimulus assistance through the house in Bandar Lampung?

This legal research using normative and empirical legal research. Source of data in this study are primary data and secondary data.

Based on this study it: (1) In carrying out the stimulant assistance through the house renovation program Community Empowerment Board and Village Government Bandar Lampung role as team identification, verification, monitoring, coordination, and reporting team. (2) Factors inhibiting the Community Empowerment Board and Village Government in the city of Bandar Lampung surgical program is the land where the house belonging to the prospective beneficiaries stand is not a land of their own, many people complain that not received surgical aid, the misuse of funds surgical assistance.

Suggested Government Bandar Lampung stimulant aid management oversight, and also have to make other assistance programs that can help low-income people or society Underprivileged so that citizens who have not or do not get help surgical still get help.
