

ABSTRACT

THE ROLES OF INSPECTORATE IN BANDAR LAMPUNG IN PREVENTING REGIONAL FINANCIAL ABUSE

By

Zohreal Akbar

Inspectorate in Bandar Lampung is purposed to realize good government; to monitor and investigate. Monitoring is to prevent regional financial abuse by official, institution, office, and state schools in Bandar Lampung government environment.

The problem statement in this research is how does the roles of inspectorate of Bandar Lampung in preventing regional financial abuse, and what are inhibiting factors in preventing regional financial abuse by inspectorate of Bandar Lampung.

This research uses an empirical jurisdiction approach. The research uses primary and secondary data to support data collection which are collected from study in the field and literary study.

The results show that the roles of inspectorate in Bandar Lampung in preventing regional financial abuse are giving extension, maintaining the employees' mental/moral to be honest, discipline, loyal, ethical and dedicated, building mechanism of an efficient and effective internal controlling system, recruiting honest employees, creating positive working environment/atmosphere, applying regulations on behavior and code of conduct, giving helping program for employees having troubles. The inhibiting factors include: weak regulations in regional finance, less transparency of regional finance management, and other weaknesses in monitoring functions; such as administrative weaknesses of professionalism of supervisors and less proper *value for money*.
